- # Represents number of countries that scored under its respective category.
- Countries Analyzed: Argentina, Barbados, Brazil, Canada, Chile, Colombia, Costa Rica, Dominican Republic, Ecuador, Guyana, Haiti, Jamaica, Mexico, Peru, Trinidad & Tobago, US.
- For those countries that have not submitted an updated NDC at the time of writing, their original NDC submission was used to categorize them in the scorecard.
- Undetermined implies that either the country has not submitted an updated NDC, or that there is not enough information available to make a reliable assessment.
- Details on methodology used and relevant sources are available on technical note found on: <https://iamericas.org/environment-climate-change/>

# NDC ANALYSIS IN THE AMERICAS

- SELECTED COUNTRIES -

**YES**

**INSUFFICIENT**

**NO**

**UNDETERMINED**

Has it submitted an updated NDC?

Is the mitigation component more ambitious?

Is the adaptation/resilience component more ambitious?

% of total GHG abatement commitments that depends on intl. assistance.

Carbon neutrality commitment (by 2050).

Is it on track to achieve its pledges?

Is it implementing policies/regulations consistent with NDCs?

Are COVID-19 recovery measure saligned with Paris commitments?

Canada, US, Mexico, Costa Rica, Colombia, Ecuador, Brazil, Peru, Chile, Argentina, Jamaica, Dominican Republic, Barbados.

Canada, US, Costa Rica, Colombia, Ecuador, Peru, Chile, Argentina, Jamaica, Dominican Republic, Barbados.

Canada, US, Costa Rica, Colombia, Brazil, Peru, Chile, Argentina, Jamaica, Dominican Republic, Barbados.

100% unconditional: Canada, US, Costa Rica, Colombia, Brazil, Chile, Argentina.

Canada, US, Costa Rica, Colombia, Brazil, Peru, Chile, Argentina, Jamaica, Dominican Republic, Barbados.

Costa Rica, Colombia, Peru, Chile.

Costa Rica, Colombia, Peru, Chile, Jamaica, Dominican Republic, Barbados, Trinidad & Tobago.

More than 50% of COVID recovery spending on green measures: Canada.

-----

-----

United States.

1% to 50% conditional: Mexico, Peru, Jamaica, Barbados.

-----

Argentina.

Canada, US, Ecuador, Argentina, Haiti, Guyana.

Between 1% to 50% of COVID recovery spending on green measures: US, Colombia, Brazil, Chile, Argentina, Jamaica, Dominican Republic, Barbados.

Haiti, Guyana, Trinidad & Tobago.

Brazil, Mexico.

Brazil.

51% to 100% conditional: Ecuador, Dominican Republic, Haiti, Guyana, Trinidad & Tobago.

Mexico, Ecuador, Haiti, Guyana, Trinidad & Tobago.

Canada, US, Mexico, Brazil.

Brazil, Mexico.

Less than 1% of COVID recovery spending on green measures: Mexico, Costa Rica, Ecuador, Peru, Haiti, Guyana, Trinidad & Tobago.

-----

Haiti, Guyana, Trinidad & Tobago.

-----

Ecuador, Jamaica, Dominican Republic, Haiti, Barbados, Guyana, Trinidad & Tobago.
